

EVOLVE THE RIDE

NEW TOYOTA RAV4 HYBRID

DISCLAIMER: Toyota Motor Philippines Corporation reserves the right to change the vehicle specifications without prior notice. Vehicle featured is the 2.5L LTD HEV CVT.

NEW TOYOTA RAV4 HYBRID

The newest addition to Toyota's hybrid line-up. The result is a powerful driving experience that's also more efficient.

RIDE ON A FULL FORCE ENGINE

Drive a better ride, running on an advanced self-charging 2.5L inline-four powertrain A25A-FXS Dynamic Force Hybrid Engine.

PROJECTOR LED HEADLAMPS
With LED Daytime Running Lights and Auto Leveling System.

LED REAR COMBINATION LAMPS
For a more visible and crisp braking & signaling indication.

HYBRID

Toyota gives you the full benefit of advanced Hybrid Technology, seamlessly combining an efficient gasoline engine and a high-output electric motor that self-charges for maximum fuel mileage.

 No plug-in needed

POWER BACK DOOR WITH KICK SENSOR*
Automatically senses your foot for a convenient, hands-free operation.

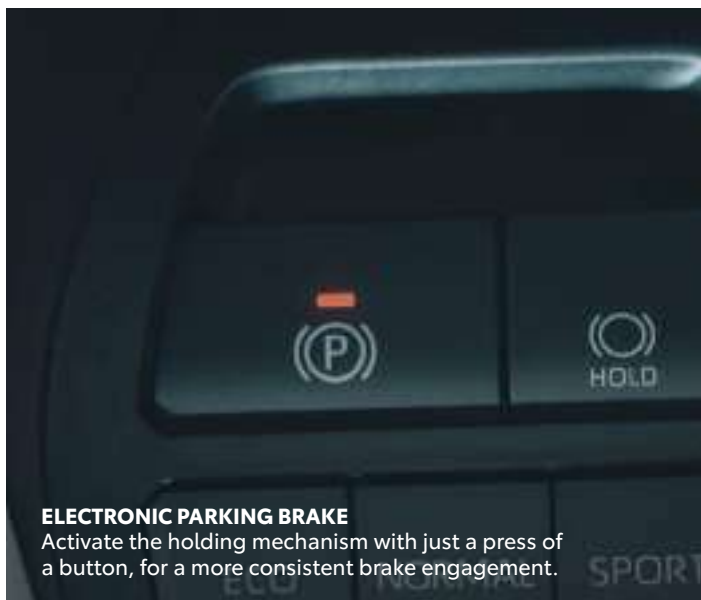

18-INCH ALUMINUM WHEELS*
Make a statement with this modern design, made to complement your tires, for that comfortable ride.

INSIDE THE EVOLUTION

Experience an advanced self-charging hybrid technology, created for sustainable and comfortable riding. Distinctly redesigned to allow technology and nature to thrive together.

ELECTRONIC PARKING BRAKE
Activate the holding mechanism with just a press of a button, for a more consistent brake engagement.

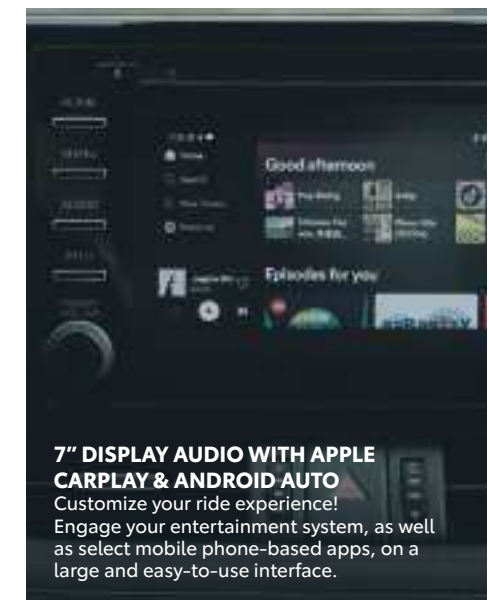

MOONROOF*
Enjoy a transparent, sliding, tinted glass panel, for that panoramic experience of the whole surroundings.

WIRELESS CHARGER
(Subject to phone compatibility)
For that automatic easy charging when driving. Just place your phone on top of it, and let the car do the job!

8-WAY POWER ADJUSTABLE DRIVER'S SEAT*
Ride comfortably in style, even in long rides, with convenient adjusting switches, that lets you relax in multiple angles. Enjoy premium leather with memory and lumbar support.

7" DISPLAY AUDIO WITH APPLE CARPLAY & ANDROID AUTO
Customize your ride experience! Engage your entertainment system, as well as select mobile phone-based apps, on a large and easy-to-use interface.

BEYOND THE STANDARD

Basic safety features get a modern update for better protection. Further enhanced by Toyota Safety Sense.

PRE-COLLISION SYSTEM (PCS)

When your car senses an imminent collision from a sudden stop of the car you're following or from delayed braking on your part, the Pre-Collision System activates instantly to give you a visual and audible warning while arming your brakes in advance, to enable you to stop the car quickly and effectively.

LANE DEPARTURE ALERT (LDA)

With a highly-audible beep and an instantly-perceptible warning light, the Lane Departure Alert quickly activates when it senses that you're gradually veering away from your proper lane, preventing any potential mishaps.

LANE TRACING ASSIST (LTA)

You may not always be aware when a distraction or the effects of fatigue can cause you to swerve off lane. Lane Tracing Assist and Dynamic Radar Cruise Control aids in keeping you on the right lane. When you're about to swerve off lane, LTA will gently but firmly nudge you back to safety.

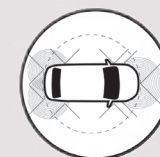

AUTOMATIC HIGH BEAM (AHB)

The Automatic High Beam feature senses oncoming vehicles and automatically toggles your headlights' high and low beams appropriately.

DYNAMIC RADAR CRUISE CONTROL (DRCC)

When activated, sensors continuously monitor the distance of the vehicle ahead of you and automatically adjusts your cruising speed to maintain a consistently safe distance between you and the vehicle in the front.

PANORAMIC VIEW MONITOR*

Provides you a safe and convenient 360 rear view for better visibility and easy reversing.

REAR CROSS TRAFFIC ALERT*

Rear-cross traffic alert can help you when backing out of a parking space. If a vehicle is detected, the system will warn you through its indicators.

BLIND SPOT MONITOR*

The car can detect a vehicle that enters a blind spot area by illuminating the indicator by the side view mirror. If you signal a lane change in that direction, the indicator will also flash to help get your attention.

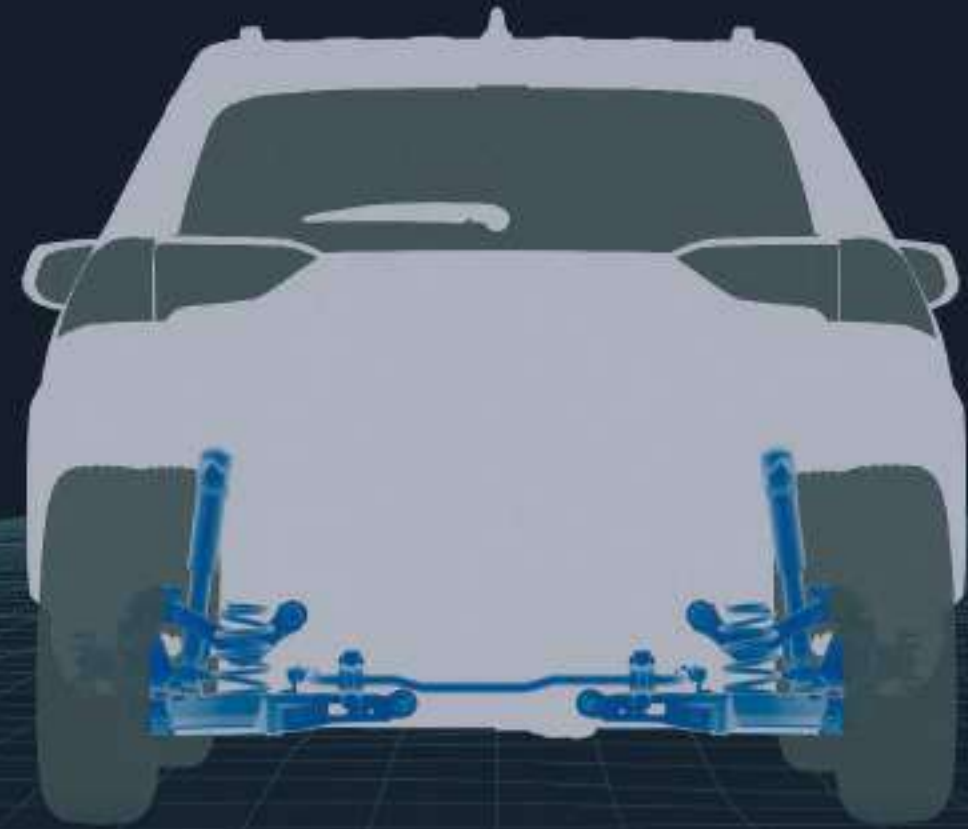

ENHANCED PERFORMANCE

The Toyota New Global Architecture

Constantly evolving to find better solutions and make better cars, Toyota launched the TNGA - a structural innovation program that works on the improvement of basic vehicle architecture.

This platform gives the RAV4 a consistent drive performance across varied terrains, thanks to its improvements in agility, stability, and visibility.

Re-engineered Suspension Geometry improves comfort on rugged terrain, and provides a more rigid and stable body frame with the **Unitized Chassis**

VARIANT	2.5L LTD HEV CVT	2.5L XLE HEV CVT
OVERALL DIMENSIONS		
Length x Width x Height	4,600 x 1,855 x 1,685	
Wheel Base	2,690	
Seating Capacity	5	
ENGINE & TRANSMISSION		
Model	A25A-FXS	
Type	16-Valve DOHC, 4 cylinders, In-line type, VVT-iE (Intake), VVT-i (Exhaust)	
Displacement	2,487	
Max. Output	178 / 5,700	
Max. Torque	221 / 3,600 - 5,200	
Motor Generator Max. Output	120	
Total System Max. Output	218	
Fuel Type	Gasoline	
Fuel Tank Capacity	55	
Transmission	CVT
